INT. THE DIMENNA CENTER FOR CLASSICAL MUSIC

1

Johnathan and Danny welcome the audience to the annual memorial tribute to Kohei Kitadani, tells them to clap only when the production tells them to clap, a transmission plays on the screen it's PROFESSOR KELISHA breaking into the system and transmitting a message telling the audience that they don't have to listen, that they can do what they want. Johnathan and team scrambles to stop it. They cut it off. Awkward glance, smile, reminder to turn of cell phones and enjoy the show.

SANDERS

They're sitting ducks.

TAKESHI

Something's not right. Performing
field scan.

SANDERS

Takeshi, watch my six, I'm going
in.

TAKESHI

I don't think that's a good idea...
we lost sight of their third...
their support-

SANDERS

The hell can a support do in this
situation? I'm going in.

TAKESHI

NOT YET!

SANDERS

I'm hit!

TAKESHI

Support unit B46 breaking formation
and moving in to rescue Ace unit
B100.

SANDERS
I didn't need your help...

TAKESHI
He's right... I'm cooked

TAKESHI'S CONSOLE
SCAN COMPLETE; ENEMY SUPPORT
MARKED; DEFENSIVE MISSILES INBOUND.

TAKESHI
Dammit...

Usagi swoops in to save Takeshi, maneuvering to distract the missiles and guide them away. She then counter attacks the enemy team, taking them out herself one after the other.

SANDERS
That's my duo!

TAKESHI
Thanks Usagi...

SANDERS
What were you THINKING Takeshi??

TAKESHI
I was saving YOU. If I HADN'T gone in, you would have been whining about me not doing my role as support!

SANDERS
If you knew HOW to support, then you wouldn't have gone IN...

USAGI
SANDERS, WHAT THE HELL WAS THAT? IF YOU KNEW HOW TO ACE, THEN YOU WOULDN'T HAVE GONE IN WITH THE ENEMY SUPPORT MISSING... THE DEFENSIVE MISSILES WERE IN THE BATTLE BRIEF.

An aside, Usagi turns toward the audience, a complete 180 in personality.

USAGI (CONT'D)
My name is Usagi Kitadani and I'm a 4th year student at the Crown Military Academy; yeah the one on the Moon... I love arts & crafts, small dogs, strawberries and parfaits.

(MORE)

USAGI (CONT'D)
 That's Sanders, another 4th year.
 He's an asshole. He's good, but
 he's an asshole. And that's
 Takeshi, a 3rd year but he's
 graduating early, super sweet,
 super kind... super innocent. I'd
 love to stick around and chat, but
 we're late for class, and as you
 can see... we have a lot of work to
 do.

USAGI, SANDERS, AND TAKESHI TAKE OFF FOR CLASS, THE CHOIR

INT. CROWN MILITARY ACADEMY, CLASSROOM

PROFESSOR KELISHA
 Late again?

TAKESHI, USAGI & SANDERS
 Sorry professor.

PROFESSOR KELISHA
 No, that grade is gonna be sorry if
 you three don't get it together
 before the midterm. Sanders, you
 most of all can't afford to miss
 out on any points on account of
 lateness...

SANDERS
 Why you gotta bust me out like
 that?

PROFESSOR KELISHA
 Because I don't want you in my
 classroom another year if you fail.

The classroom laughs, she got him good.

PROFESSOR KELISHA (CONT'D)
 And as for you, Kitadani... You
 think you can just come in here
 whenever you want? You should know
 better.

USAGI
 Sorry, professor.

PROFESSOR KELISHA

And you Williamson (Takeshi)... you could fail everything from now until the end of the year and you'd be good, but you DON'T need to be late. Don't let your little friends drag you down.

TAKESHI

My apologies professor, we just ran over time in the training simulator.

The classroom is annoyed with Takeshi's apology...

CLASSMATE

It's crazy he's so smart... He's a Lunar.

USAGI

And what does that have to do with anything?

The classroom falls silent.

PROFESSOR KELISHA

Take your seats your three. And for the rest of you, we prefer the term colony-born. Lunars sounds so... alien. And speaking of the colony-born Earth-born dichotomy, there are developments in the North American mining region, Northeast sector. Pay attention, this has to do with your midterms...

On the screen a news story appears

NEWS REPORTER 1

Tensions flare in the North American region as we approach day 42 of the mine workers strike.

NEWS REPORTER 2

Residents and workers in the Kingdom of New Jersey continue to resist Crown Military orders to extract Ultima Ore.

NEWS REPORTER 3

But not to fear, this dispute won't be affecting your vacation plans.

EXT. SCHOOL GROUNDS

Students are finished with classes, moving around campus.
 SANDERS, TAKESHI AND USAGI are walking together.

SANDERS
 Yo Usagi, you want to head to that new pho spot over at Rush Crater?

USAGI
 I'm not riding the train for two hours for some pho when we should be studying for mid terms.

TAKESHI
 We could study on the train.

SANDERS
 Exactly! See? Takeshi's smart!

USAGI
 You guys know how I am about reading on moving vehicles.

SANDERS
 Even on the traaaaain!?

USAGI
 Yes even on the traaaaain.

SANDERS
 But it's PHO!

USAGI
 And I don't give a Phooooo-

The three of them bust out into laughter when USAGI bumps into a man dressed in holy vestments. It's BARTHANDELUS.

USAGI (CONT'D)
Oh, I'm so sorry.

TAKESHI
Your Holiness.

USAGI
My holy what?

SANDERS
Usagi!

Usagi realizes that she bumped into BARTHANDELUS the high prelate of the Church, a pope-like figure. She is lost for words.

RAGNAROK

BARTHANDELUS
I see that the legacy of The Eden runs strong. Good day to you, Kitadani.

USAGI, TAKESHI AND SANDERS exit stage while whispering

SANDERS
How does the POPE know who you are??

TAKESHI
Well she is kind of famous.

USAGI
Guys shut UP I want to die so baaad right now.....

SANDERS
No but seriously, why is he HERE?

TAKESHI
Doesn't he need, like... a security detail?

USAGI
He's a really powerful HEAL class, so he's probably walking around with max defense buffs at all times GUYS get me OUT OF HERE.

BARTHANDELUS
An interesting development... You may yet prove to be useful in righting your wrongs Kohei....

RAGNAROK ENDS

BARTHANDELUS WALKS OFF OPPOSITE SIDE OF STAGE WHERE PROFESSOR JOJO HAS BEEN WATCHING, THEY GREET EACH OTHER AND WALK OFF.

5 EXT. TRAIN STATION - AFTERNOON

5

SANDERS

Once again we're late.

TAKESHI

No, there's still time. We're gonna make it.

USAGI

I still don't like the idea of going all the way to RUSH CRATER for some food. That's nearly across the entire Moon's surface.

SANDERS

I heard they have really good strawberry parfaits.

USAGI

Ok, I *might* be convinced... but seriously, midterms are coming up. We need to be studying.

SANDERS

We can study on the train, if we make it that is...

USAGI

I hope we MISS our train and then we don't have to GO.

SANDERS

YOU'RE SO EVIL!

TRAIN SECURITY GUARD

Hey you! Stop!

USAGI

Us?

TRAIN SECURITY GUARD

Did you hop the gate?

SANDERS

Everyone hops the gate.

USAGI
I didn't hop the gate.

TAKESHI
Me either.

TRAIN SECURITY GUARD
Academy uniforms eh. Let me see
some ID, the lot of yous.

THEY HAND OVER THEIR IDs. A TRAIN ANNOUNCEMENT OVER THE PA.

SANDERS
We're going to miss the train.

USAGI
Good. I didn't want to go in the
first place.

SANDERS
Evil...

TRAIN SECURITY GUARD
Reviewing IDs Kitadani... Usagi...
oh you're the captain's daughter.

USAGI IS NOT COMFORTABLE WITH THE FAME

TRAIN SECURITY GUARD (CONT'D)
You know, your father was an
inspiration to us all-

SANDERS
YO... we have somewhere to go, and
yeah you're harrassing Crown
royalty so like can we go now?

TRAIN SECURITY GUARD
Sanders, George. Earthborn...
you're good to go...

TRAIN SECURITY GUARD (CONT'D)
Williamson, Takeshi... Colony
born... A lunar... Yup, it was
definitely you who I saw jump the
turnstile.

TAKESHI
What??

SANDERS
Hey old man, we don't have TIME for
this-

TRAIN SECURITY GUARD
You're gonna have to come with me.

USAGI
Sir! Mr... (she looks at his badge)
Officer Ruckus, we're on our way to
Rush Crater and we're about to miss
our train, we REALLY have to get
going. Williamson here did not fare
evade. I swiped him in because he
forgot his transit card at the
dorms.

TRAIN SECURITY GUARD
Well... If you say so.

TRAIN ANNOUNCEMENT, THEY HAVE MISSED THE TRAIN

TRAIN SECURITY GUARD (CONT'D)
As you were.

TRAIN SECURITY GUARD EXITS

SANDERS
FAAAAHHHH (like the meme) we missed
the train!

USAGI
The next one is in an hour. We can
wait.

SANDERS
I thought you said you didn't even
want to GO. You CURSED us and now
you have your wish, you're a
SORCERESS! AN EVIL SORCERESS!

USAGI LOOKS SYMPATHETICALLY TO TAKESHI WITHOUT SAYING A WORD.

USAGI
I said we can wait. I am craving
that Pho, and they better have the
best damned Strawberry parfaits on
the moon or I'm coming for YOU
Sanders...

2 WEEKS LATER

PROFESSOR JOJO

Listen up. I have 3 minutes left
and we're on the last chapter. This
will be part of your midterm
tomorrow. What do the Domes do?

TAKESHI

They are walls regulate atmosphere
and temperature, filtering out the
toxins in the air released after
the Cataclysm Era, Sir.

PROFESSOR JOJO

Good. But not walls, they are
stabilizers. Language matters.
And who can tell me about the
Cataclysm Era? Sanders?

SANDERS

During the Cataclysm Era, there was
chaos with widespread scarcity,
conflict, and volatility, Sir.
Existing governments failed to
respond effectively. The Emergency
Mandate reorganized the system into
the Stabilized Democracy that we
have today.

PROFESSOR JOJO

Excellent work, Sanders.
Like biology, our institutions had
to evolve to meet the needs of its
environment.

PROFESSOR JOJO

Usagi, daughter of the hero
Kitadani, would you like to answer?
What happened during Eden?

USAGI

Eden was a tragedy that was a
containment action that prevented
the collapse of humanity.

PROFESSOR JOJO

(claps, then the class follows)
Excellent (voice cracks like he's
about to cry), so beautiful. Your
father would be so proud. Thank you
for your service.

USAGI

It wasn't my service...it was... my
Father's service. Please stop
thanking me for things I haven't
done. I don't speak for my father.

PROFESSOR JOJO

One day you will appreciate what
your father did for humanity... Or
perhaps... I am out of line. My
apologies... Kitadani. Class
dismissed.

INT. NIGHT - USAGI'S DORM ROOM

USAGI IS GETTING READY FOR BED. SHE'S ON HOLO TIME (FACETIME
BUT A HOLOGRAM) WITH HER MOM, LINDA.

LINDA KITADANI

So I'm guessing you won't be
visiting home then, right?

USAGI

Mom... It's my midterm and it's the
New Jersey dome. Nowhere near Osaka
Dome.

LINDA KITADANI

Oh darling, I know. It is the
academy after all. Your father was
exactly the same...

USAGI

Ughhhhh -

LINDA KITADANI

Oh, sorry I didn't mean to -

USAGI

No, it's not that. It's just...
That creep professor Jojo brought
him up today because of.... Well
you know.

LINDA KITADANI

Oh yeah... Of course... Well...
Jojo is.... how did you-

USAGI

It's just... ugh... I'm my own
person, you know?

LINDA KITADANI

I know, and I know more than anyone
what it feels like to live in the
shadow of... Gosh this sounds so
negative.

USAGI

Mom, we're all we've got. We're the
only ones who can talk about him
without having to.... I don't
know.. lose our minds in high
reverence? Haha

LINDA KITADANI

Haha. You're right.

USAGI

But like, HUMANIZE him... your
husband, my dad. I just wish he
were here sometimes... that's all.

LINDA KITADANI

Oh little rabbit... Rest now, you
have a big day tomorrow, and you're
going to ace that midterm with
flying colors, because that's who
you are.

USAGI

And who is that?

LINDA KITADANI

A smart, kind and patient person
finding her way through this world
and helping people out along the
way.

LINDA KITADANI (CONT'D)

SPACECRAFT

SANDERS
Mornin' losers!

USAGI
That's not really nice.

TAKESHI
Well, neither is New Jersey Dome,
but here we are. Getting ready to
do a long haul flight to Earth.

SANDERS
I'll have you know, New Jersey Dome
is one of the greatest places in
the solar system!

USAGI
Oh great, you've got him started.

TAKESHI
I never took you to be the
planeteristic type.

USAGI
You never took SANDERS to be the--
for the past 3 years you've known
him, every other word out of his
mouth is comparing something on the
Moon to something from Earth!

SANDERS

Hey hey... Planeteristic is an extremely loaded word. I just have... pride.

TAKESHI

Earth pride???

SANDERS

I mean... Yeah... It's my heritage.

USAGI

So tell me Sanders, why DO you hate everyone on the moon?

SANDERS

Hey! Shhhhhh -- those are SERIOUS accusations. Don't joke like that!

USAGI

But just yesterday weren't you talking about how bread on the moon tastes different because of artificial gravity?

TAKESHI

Hey! There's no difference between the gravity here and on Earth!

SANDERS

True, but there's just something different about it...

TAKESHI

If it's the same, then how is it different?

USAGI

That's what we call a bias. A planeteristic bias.

SANDERS

Usagi, you're from Earth.

USAGI

And we all live here.

SANDERS

And I go back home every chance I get because.

TAKESHI

Because what?

PROFESSOR KELISHA
I'm sure whatever RIVETING
conversation you're having at 5AM
can wait until we all board?

SANDERS
Yes, professor. See? Even the way
we measure time is Earth's
standard!

PROFESSOR KELISHA
You three, after you're settled,
come find me in my office. We need
to review some intel.

TAKE OFF SEQUENCE. SPACE SHUTTLE TRAVELS FROM THE MOON TO
EARTH.

You wanted to meet with us
Professor Kelisha?

PROFESSOR KELISHA
Ah yes, please, sit.

SANDERS
We're not in trouble already are
we? I can't afford to lose ANY
points on this midterm...

USAGI
She said she wanted to go over some
intel, you literally never listen,
do you? You don't read battle
briefs and you don't listen.

SANDERS
Hey!

TAKESHI
She's not wrong.

PROFESSOR KELISHA
If you're ready, I'd like to begin.

THEY IMMEDIATELY SETTLE AND QUIET DOWN.

PROFESSOR KELISHA (CONT'D)
You three will have a front row
seat at the negotiations.
(MORE)

PROFESSOR KELISHA (CONT'D)
You will see how The Crown and our
leadership maintain order...
Sanders, if the Kingdom of New
Jersey refuses to return workers to
the mines, what is your first path
of escalation?

EVERYONE SITS IN SILENCE...

SANDERS
Non compliance means corrective
action.

USAGI
I'd want to know why. Find the
reason. Try to work toward a
solution.

PROFESSOR KELISHA
I know that is what you would do,
that is why I was asking Sanders.
But, Kitadani, what if the reason
were one of religion? What if the
New Jersians had some doctrine that
forbade them from mining Ultima?

USAGI
That's highly unlikely... The New
Jersians are a godless people.

PROFESSOR KELISHA
It is a hypothetical question.

TAKESHI
The more likely reason is not
religious, but environmental... No
need for hypotheticals...
Professor, the reason they protest
is because they remember what
happened 16 years ago.

PROFESSOR KELISHA
You see... this is why I like the
three of you. Straight to the point
then -- the negotiations will fail
today, and our government, while we
would like for it to think like you
Williamson, or you Kitadani... Is
more like... Sanders.

SANDERS
... I feel like I should be
offended?

PROFESSOR KELISHA

The negotiations will fail, and we will bear witness to the repercussions of defiance. Today's test is not one skill or merit, but of compliance and obedience. I wanted you to know this so that you would be prepared for... whatever may come.

TAKESHI

Should you be doing that?

PROFESSOR KELISHA

Sometimes, WE... fight from the inside.

SANDERS

I'm lost.

USAGI

Come on guys, we have a lot of preparation to do... Professor Kelisha, thank you.

SANDERS

Who is "we" in this situation?

USAGI

SANDERS!

USAGI DRAGS SANDERS OUT OF THE ROOM

PROFESSOR KELISHA

Takeshi, whatever happens today, remember: the arc of the moral universe is long but it bends towards justice... Don't be too loud and don't move too fast. If you get caught, I will not be there to help you.

SANDERS

You smell that Takeshi!? That's good ole EARTH air.

USAGI

Oh my GOD. We're meeting the convoy
in 22 minutes. I'm getting
something to eat.

SANDERS

Can you get me a coffee please!?

USAGI

Earth's finest blend, I know.

TAKESHI

Hey, Sanders, do you... have you
ever thought of what happens after
something like this conflict?

SANDERS

You mean with the New Jersians?

TAKESHI

Yeah.

SANDERS

I mean... There's nothing to think
about. They're rebelling against
The Crown. If they don't comply,
they'll get "corrective
stabilization"... they blown to
smithereens. Everyone knows that.

TAKESHI

Oh... Yeah. And you don't think
thats....?

SANDERS

What?

TAKESHI

George, what do you plan on doing
after we graduate?

SANDERS

I'm aiming for the Elites, you know
that.

TAKESHI

The same squadron we're observing
today. The ones who blow people to
smithereens if they don't listen to
the Crown.

SANDERS

...

TAKESHI

I thought after hanging out over
the past few-

SANDERS

Hanging out with you guys during my
time at the Academy has been a
blast. We're friends, but.. I have
a long line of Earth born-

TAKESHI

But you're not Planeteristic.
You've learned to distance yourself
from that way of thinking.

SANDERS

No, I never agreed to that
Williamson. When we met, it was a
fight, and Usagi made us get along.
And let's remember, you and your
friends were talking mad shit about
me simply for being Earth Born.

TAKESHI

Only because you and everyone like
you looks down on us, yet you're
VISITORS in our colony

SANDERS

A colony that Earth Born people
made.... Look, this is an old
argument. We're about to graduate
soon, there's nothing either of us
can change, so why don't we just
drop it.

SANDERS (CONT'D)

What about you? What exactly do you
plan on doing once your out of

ELITE GENERAL

There is not much more to discuss. Our terms are more than clear. Return the miners to work and start Ultima production again.

QUEEN ELIZABETH NEWARK

And my question remains the same General Huxtable. Why would I do that?

ELITE GENERAL

Because The Crown wills it. It shall be done-

QUEEN ELIZABETH NEWARK

Oh my god... Robert please. Can you drop the act for just a-

ELITE GENERAL

Her royal highness, will remind herself that she is speaking with-

QUEEN ELIZABETH NEWARK

I'm speaking to you, Robert Huxtable. The loser that would keep talking in academy lectures when class was already over, keeping everyone overtime by at least 15 minutes every-single-day.

QUEEN ELIZABETH NEWARK (CONT'D)

You know... It's wild. You never really think about the fact that the DORKS you go to school with would retain their DORKINESS WELL into adulthood.

ELITE GENERAL

You always were less compliant with expectations, Queen Elizabeth. Perhaps you should remind yourself that under our Crown Rule, such temperaments would not be permitted by anyone who were not heir to an Earth Dome Kingdom...

QUEEN ELIZABETH NEWARK
Yeah I just didn't think a colony
born like you would be such a boot
licker.

ELITE GENERAL
.... The Queen of New Jersey will
mind her place....

QUEEN ELIZABETH NEWARK
Let me make this easy for you Rob.
You know what the funny thing about
facts are?.... They're facts. And
outside of the scientific process,
they remain facts until proven
otherwise. And you know what hasn't
changed in 25 years, other than you
being a little loser?

ELITE GENERAL
This is your final-

QUEEN ELIZABETH NEWARK
Remember that time you were talking
so much that you accidentally said
the quiet part out loud? When you
got old man Wellington to admit out
loud in front of everyone what we
all knew? That the domes aren't
real and there's nothing wrong with
Earth's atmosphere AT ALL? That
it's all just population control
and PROPAGANDA.

ELITE GENERAL
Guards.

QUEEN ELIZABETH NEWARK
Oh what? You're going to detain me
now? I know the playbook you
idiots. And I'm always a step
ahead. You'll attempt to get to me
by threatening my people, and
that's why I've already evacuated
the Kingdom of New Jersey, outside
of the Domes, somewhere you'll
never find them because all of you
aren't smart enough to read a map.

ELITE GENERAL
What?

QUEEN ELIZABETH NEWARK
 So yeah. Do what you will, but even
 if I die by your pathetic hand.
 We'll both know that I'm a badass,
 you're a punk, and you talk too
 damn much.

ELITE GENERAL
 TAKE HER AWAY.

ELITE GENERAL (CONT'D)
 Well? What are you looking at?
 Negotiations are OVER. The Queen of
 New Jersey defied The Crown, and
 her people incited a riot.

TAKESHI
 What?

PROFESSOR KELISHA
 Shhhh.

ELITE GENERAL
 Everyone is to evacuate the
 immediate region in NO LESS than
 120 minutes. I am calling in a
 strike from the Ultima Canon.
 Yes... the people of New Jersey
 rioted... they destroyed their own
 dome and the atmosphere consumed
 them all in a HELLFIRE. YOU ARE ALL
 DISMISSED. I would suggest you make
 haste, unless you want to be caught
 in the blast.

 think I understand what you're
 saying-

TAKESHI
 They've found an energy pattern.

SANDERS
 A signal?

TAKESHI

No, an energy pattern... one that matches the planet destroyer from when we were kids. The one that came and doomed the world until.

SANDERS

Until Usagi's pops blew it away. So what does it mean? And why did it just pop up all of a sudden.

PROFESSOR JOJO

We don't know why but that is of little consequence right now. We do not want to lose this opportunity, and given that you three are top of your class... and because Kitadani here is such a symbol of hope for everyone... It only makes sense to send you along with the research team.

TAKESHI

So this is our first official mission as members of The Crown.

BARTHANDELUS

Yes. But also remember what this means *to the people*. Hope, in a time of uncertainty. The daughter of a hero, stepping up to fill her father's shoes. This is inspiration.

USAGI

I-...

TAKESHI

Listen, I know how you feel about this. But... isn't it a chance for you to find answers? Maybe?

USAGI

No.. I'm just wondering why the pope is here?

PROFESSOR JOJO

The scientific potential is limitless... and yes, as we all know, the being was sentient. The energy pattern is identical. This may lead to answer for you Kitadani.

USAGI

I just-

PROFESSOR JOJO

Do it for science.

SANDERS

Do your duty as a soldier.

TAKESHI

Do it for your dad.

BARTHANDELUS

You *do* want answers, do you not?
For the greater good.

USAGI

I just... I.. I-

EXT. SPACE - MECHS

16

Usagi, Sanders, and Takeshi are traveling to the dark side of the moon via mech.

SANDERS

You know, on Earth, there used to be collections of trees called forests. Now everyone lives in domed regions... What I'm saying is... flying out here is awesome. It's so open wide and spacious.

TAKESHI

You actually have something positive to say about the moon for once?

USAGI

Orders are to keep comms clear. We don't know if the energy pattern is aware of our approaching. Stay silent.

COMPUTER VOICE

Approaching the drop zone. Prepare for landing.

They land on the surface.

USAGI

Internal loop comms activated.
Proximity mode activated. We're
free to speak... that doesn't mean
get on my nerves.

SANDERS

Yo, what's your problem.

USAGI

You're already getting on my
nerves.

TAKESHI

It has been months... we haven't
talked about it.

Professor Jojo approaches.

PROFESSOR JOJO

We're moving out. Do not lag
behind. If you find the source of
the pattern, ping your location to
the rest of the squad.

Jojo walks off. Kelisha passes.

PROFESSOR KELISHA

Now is not the time. Remember what
I told you during the New Jersey
mission.

Kelisha moves on.

SANDERS

That's what this is about? *That's*
why we've barely spoken since
midterms? Because you suddenly want
to care about social justice or
something?

TAKESHI

Sanders... stop.

USAGI

Let's move out.

The three begin their search for the energy pattern.

SANDERS

No.. I just don't get it.

TAKESHI

Let it go Sanders...

SANDERS

No because... Kitadani. We're not kids anymore. Haven't been for a long time. We graduated from military academy. You know that we fight. Our combat training isn't theory. And sometimes, to keep the peace, we've got to get our hands dirty.

TAKESHI

For the greater good?

SANDERS

For the greater good, dammit. I don't know why you act like you don't understand this.

USAGI

I don't know why you can't imagine a world where "corrective action" isn't the default when someone disagrees with you. I don't understand how in all the time you've been around a Colony Born like Takeshi, you've somehow held on to this ridiculous Earth born nobility. I don't know how you can look people in the face and just LIE.

SANDERS

Because we all know the alternative Kitadani. And you know that if Williamson here ever behaved with even a FRACTION of the way you do... he's not the child of a legend. If you weren't you, you would have been dealt with a long time ago. You're just as bad as The Queen of New Jersey.. Only you don't even take a stand. You just go with it, sulk and pretend like you're not benefiting.

Silence.

SANDERS (CONT'D)

No quippy comeback? What? Cat got your tongue?

USAGI

What *is* that...

They have happened upon a large crystal structure.

TAKESHI
The readings align... This is the
wave pattern... I'm pinging the
squad.

A deafening sound rings over comms, this isn't a ping. It's something else.

USAGI
Ahhhh what the...

SANDERS
UGHHH MY HEAD.... Stop is
WILLIAMSON

TAKESHI
It wasn't me... I don't know what.

The ringing stops. The crystal structure is glowing.

SONG: RAGNAROK

We start hearing sounds, but they do not make sense. It's all dialogue from when Planet Destroyer announced that the Earth was doomed, to Kitadani attacking planet destroyer, and everything that ever happened on earth and the moon from then until right now.

The crystal's glowing intensifies and reveals the shape of a human inside.

SANDERS
Is that... A person???

TAKESHI
The planet destroyer.

Usagi moves forward.

TAKESHI (CONT'D)
No! Usagi, don't!

The crystal makes a LOUD crack noise, and then another. The human figure's eyes open and look directly at Usagi Kitadani.

BARTHANDELUS
At last!

PROFESSOR JOJO
Move in and secure the specimen.

FADE TO DARK as the Usagi, Takeshi, and Sanders stand still in shock, The Planet Destroyer's gaze locked on Usagi, she returns the glare without blinking, the soldiers slowly move in, Jojo, Kelisha and Barthandelus watch in anticipation.

INT. DAY; CROWN MILITARY HQ OFFICES

20

Usagi is sitting in her cubicle, quietly working. Her phone buzzes, she looks at it and then ignores it.

USAGI

It has been three years since that day. My first... and last deployment.

Phone buzzes again. She ignores it again.

USAGI (CONT'D)

They took us off the mission and split us up. Takeshi works in another office. Sanders went on to be with the Elites, and I'm stuck here... No... I actually like it here. Away from everything.

OFFICE WORKER

Kitadani, you have a visitor.

Sanders walks in.

USAGI

So then it's you calling me from a private number.

SANDERS

No, it's someone much higher up, and you've been ignoring it.

USAGI

Sorry, I don't answer private numbers.

SANDERS

Well, that's why I'm here. You are to report to The Crown Research facility with me as your... assistant.

USAGI

You? My assistant? You mean, Me
your prisoner.

SANDERS

Kitadani... I don't know why you
immediately go to that dark place.
In 3 years there has been
nothing... The Crown has kept you
employed... You didn't do anything
so why do you act like-

USAGI

Cut the crap Sanders. We both know
I don't have a choice, so let's go.

SANDERS

No, answer the question. Why do you
act like you're always being
watched or that you can't do what
you want when you want?

USAGI

George... Stop playing in my face.

21 INT. DAY; GEORGE SANDERS'S CAR.

21

SANDERS

You heard from Takeshi?

USAGI

Sometimes. He's doing ok. Office
life. Something you wouldn't know
about, you're moving up the
corporate ladder fast. A colonel in
3 years.

SANDERS

Fastest in Crown History. It's like
I've always said, Usagi, follow the
rules, and reap the rewards.
Everyone can pull themselves up by
their bootstraps. Even the Lunars.

USAGI

Shoots him a look

SANDERS

I mean, Colony-born...

USAGI

Maybe some of us don't have such
aspirations.

SANDERS

If that's true, that would truly be a shame. You know because of your father's legacy.

USAGI

Watch it...

An uncomfortable silence and then...

USAGI (CONT'D)

So.... Colonel Sanders...

SANDERS

It has a certain ring to it, doesn't it?

22 INT. DAY; CROWN MILITARY RESEARCH HQ

22

SANDERS

Well, this is as far as I go. Your ID should still work just fine.

USAGI

Thanks Sanders. It was nice to see you again.

SANDERS

Until next time Kitadani.

She touches her ID to the elevator panel and enters.

23 INT. DAY; CROWN MILITARY RESEARCH LAB.

23

PROFESSOR JOJO

There you are... You're late.

USAGI

I didn't know you needed me for anything. After that first mission and all-

PROFESSOR JOJO

These things are sensitive Kitadani, but trust me, it has been for good reason, and it is for good reason now that I have summoned you back.

USAGI

Don't get me wrong professor, I've actually quite enjoyed my time I-

BARTHANDELUS

A being, sent from Heaven. Sent here, to show us the way.

USAGI

I'm sorry... what? Where did you come from-?

BARTHANDELUS

And the key to its mystery...

USAGI

Um... I'm just trying to figure out why the pope is here...

PROFESSOR JOJO

The High Prelate has a vested interest in this research, Kitadani, and we believe you are a key factor in all of this.

USAGI

A key factor? How? What does this have to do with me, whatsoever.

BARTHANDELUS

Your father.

USAGI

Oh GOD.. I'm sorry I probably shouldn't say that in front of you like that.. in that manner. I just-

PROFESSOR JOJO

This... is why we have brought you here.

THE CHILD steps forward, silent.

USAGI

You... You were... you're from that day.

PROFESSOR JOJO

Yes, this is the being trapped in the crystal you discovered on your first mission 3 years ago. And since then. Since returning here...

Silence.

PROFESSOR JOJO (CONT'D)

It has not spoken a single word.

USAGI
Can it speak?

THE CHILD
Can it speak?

PROFESSOR JOJO
Well I'll be damned.

BARTHANDELUS
I TOLD you, the blood of Kitadani
runs through this girl, she IS the
key.

USAGI
Wait a minute what?

Professor Jojo and Barthandelus retreat to a side observation
room behind glass.

BARTHANDELUS
Go on then, continue.

USAGI
.... What??

She stands there, confused. The child is mirroring her. She
realizes this and then focuses on, making slow movements, it
follows, more and more, and then...

USAGI (CONT'D)
What is your name?

THE CHILD
What is your name?

USAGI
My name is Usagi. Usagi Kitadani.
What is your name.

A glitch, the child glitches, energy glitches, lights
flicker.

THE CHILD
My name is. My name is. I have no
name. My name is No Name.

USAGI
You've been here for three years
and you have no name?

PROFESSOR JOJO
Specimen 1. You can call it that?

USAGI
Specimen one? Ok we'll call you No
Name, that's much more mysterious
and cool, don't you think?

She says this with a smile, showing a big sister vibe. The
child mimicks her mood, or is it genuine.

THE CHILD
Haha, I like that. NoName.

USAGI
Pleased to meet you NoName!

THE CHILD
Pleased to meet you NoName!

USAGI
No... I'm Usagi, remember?

THE CHILD
Remember? Ah! Please to meet you
Usagi!

Quietly behind the glass.

BARTHANDELUS
Wait... No... This is not.

PROFESSOR JOJO
Patience my friend... We waited 3
years for ANYthing to happen, and
we've made it further in the past 3
minutes.

BARTHANDELUS
But this is not-

PROFESSOR JOJO
We can redirect later. For now, let
her work.

Usagi and NoName have been chatting and are in full blown fun
conversation by now.

PROFESSOR JOJO (CONT'D)
Alright you two, time is up for
today, but Usagi will be back
tomorrow... NoName. Back to your
cage.

USAGI
Cage?

NoName falls silent and exits. Almost as if a machine suddenly switched off.

USAGI (CONT'D)

What do you mean cage? If you're keeping them in a cage then maybe THAT'S the reason why they hadn't spoken to you in three-

BARTHANDELUS

While you ARE the key to ALL of this, you MUST not show that *thing...* you must-

PROFESSOR JOJO

The High Prelate has a vested interest in this research, and while time is important, we do have some to spare. Kitadani, you are to report here tomorrow at the same time. That will be all for now.

USAGI

Barthandelus- what was that about Kitadani blood? And what about my father?

Barthandelus looks, but says nothing. Stone faced.

PROFESSOR JOJO

That will be *all for now* Kitadani. Mind your position.

Usagi exits.

BARTHANDELUS

She is the key, Joseph, but she cannot be allowed to...

PROFESSOR JOJO

Bart- listen to me. If you really want answers, then you need to let me work. I don't want to mess this up either. You were right. She has something to do with it because of Kohei. Because she's Kohei's daughter.

BARTHANDELUS

Does Linda know?

PROFESSOR JOJO

No. And we don't need to let her know.

BARTHANDELUS
 You've made mistakes before
 Joseph...

PROFESSOR JOJO
 I have. But experience is the best
 teacher. We're not children anymore
 Bart.

INT. AFTERNOON; CROWN ACADEMY DORMS.

GOSSIPING STUDENT 1
 I heard Joseph Chen just got
 recognized for creating fast
 travel. Apparently it's going to
 make flights between the earth and
 moon SUPER quick. Like hours, not
 days.

GOSSIPING STUDENT 2
 I heard his two best friends are on
 completely opposite sides of this.
 Kohei Kitadani is supporting this
 discovery while Bartholemew
 Barthandelus says it's against our
 religious teachings.

GOSSIPING STUDENT 3
 Hey, if it means we get more time
 for vacation, then I'm all for it!
 I love technology!

KOHEI KITADANI
 Bart, you've GOT to let it go. I
 mean... I get it... We get it,
 you're a church guy-

BARTHANDELUS
 Oh screw you, "church guy", this is
 my entire life!

PROFESSOR JOJO
 That's not really... church like
 language...

BARTHANDELUS
 What I'm saying is... we're getting
 closer to the end of days. All of
 these advancements.... our society
 isn't meant to have such
 convenience.

KOHEI KITADANI

I feel like... we got past this
when we conquered the moon...

BARTHANDELUS

The church has been saying that
even THAT was a mistake!

PROFESSOR JOJO

So you guys kind of just exist to
halt progress.

BARTHANDELUS

BLASPHEMY!

KOHEI KITADANI

Honestly I never know when you're
being serious or putting on an
act...

BARTHANDELUS

When did our ancestors invent holo-
net?

PROFESSOR JOJO

Well back then they called it the
internet, and it was somewhere
around the second millennium.
Like... the early 2000s. Maybe late
1900s?

KOHEI KITADANI

And before that, they couldn't talk
to each other freely. Bart...
what's your point? The internet was
a revolutionary step. Kind of goes
against the idea that technology
should be-

BARTHANDELUS

And in less than 50 years, the
great cataclysm. The second fall of
humanity. First the internet, then
huge facilities that were killing
the planet. Then reactors that
destroyed the environment... The
planet answered...

KOHEI KITADANI

And then the Angel from above blah
blah blah I get it... but you see
that part right there... that's not
an actual explanation Bart. The
more realistic thing is war.

(MORE)

KOHEI KITADANI (CONT'D)
They fought each other, and blew
each other to smithereens.

PROFESSOR JOJO
Nobody really knows.

KOHEI KITADANI
Right, but if we're thinking
LOGICALLY, which one are you going
with? Humans humaning or an angelic
terror from on high? Come on now...

Holo-time ringtone

PROFESSOR JOJO
Ah the girlfriend.

BARTHANDELUS
If there's one thing Kohei loves
more than blasphemy it's Linda.

KOHEI KITADANI
Heyyyyyy girlfriend!

LINDA HUDSON
Heyyyyyy boyfriend! Look!

KOHEI KITADANI
AAAAAAAHHHH IT'S SO CUTE!

LINDA HUDSON
I KNOW RIGHT!? AAAAAAAH!!!

BARTHANDELUS

he has feelings for Linda too.~~

Hey Usagi, I'm good. Is now a good time?

USAGI

It's fine, what's up? I haven't heard from you in... gosh how long HAS it been?

TAKESHI

You haven't seen the news then?

USAGI

Huh? Oh, wait let me check now.

NEWS REPORTER 1

And here they come now, Colonel Sanders and... Oh it's the King himself, to deliver the news...

THE KING

Good evening. Tonight I can report to the people of the Earth Moon Federation and all our colonies that the EMF has conducted an operation that killed the leader of the resistance.

USAGI

But that was...

TAKESHI

Yeah and they'll never name her because they already told everyone she was dead after that mission 3 years ago, but... Usagi, I'm so sorry. Your aunt Elizabeth fought until the very end.

THE KING

Today, at my direction, the EMF launch a targeted operation against a compound in Bakersfield California. At the head of this operation was Colonel George Sanders.

USAGI

What the-

TAKESHI

Yeah, I wanted to tell you...

THE KING

It is therefore decided that from this moment hence, Sanders will be granted the title of Commander. Congratulations Commander Sanders.

USAGI

....

TAKESHI

Usagi, I'm sorry. I-

USAGI

You need to be careful Takeshi. I know what you're up to. I'm not joining the resistance. But I'm not going to report you either. Never call here again.

INT. DAY; CROWN MILITARY RESEARCH LAB.

27

PROFESSOR JOJO

You're late... again.

USAGI

Train traffic. Sorry for the inconvenience.

PROFESSOR JOJO

You have a personal escort.

USAGI

I won't be needing commander Sanders's help further.

PROFESSOR JOJO

.... Right... Well then, let's begin.

BARTHANDELUS

A word, Kitadani.

USAGI

Yes, your holiness? How may I entertain your *vested interests*.

BARTHANDELUS

I am sorry for your loss.

USAGI

I... Thank you-

BARTHANDELUS

I must also insist that you NOT treat Specimen 1, as a human because it is not a human it is a weapon, and one that we have worked tirelessly to procure.

PROFESSOR JOJO

What our friend here means to say is that...

USAGI

A weapon?

PROFESSOR JOJO

An asset. And one that is not of this world Kitadani. One that changes its form to match its surroundings. It only appears as a humanoid child because that is how we can perceive it best.

USAGI

NoName understands me, though.

BARTHANDELUS

Specimen 1... does understand you, more than you realize. Kitadani, Do not treat it as human. Learn everything you can from it, by any-means-necessary.

USAGI

Maybe you two should do a little more explaining. Like what is NoName and what do they have to do with my father? You said they emit a wave pattern that-

BARTHANDELUS

The Specimen is the *thing* that killed your father 19 years ago.

PROFESSOR JOJO

Bart-

BARTHANDELUS

There, are you happy now? The specimen is the planet destroyer a divine manifestation of the Universe's judgement on our human race. It came from deep space to destroy us all.

USAGI

Sunday school stories...

BARTHANDELUS

Blasphe-.... You can mock it all you want, the proof is there before you, just as it was for us when it appeared all those years ago. It is a weapon, and we need to understand it.

Barthandelus and Jojo retreat to their observation room.

Uh oh... That's ok. Let's slow down.

NoNAME

USAGI

No, that's not what I- ...
NoName... just listen. Today I'm going to tell you the story of Princess Kaguya.

NoName sits still.

Time lapse

USAGI (CONT'D)

He and his wife raised her as their own. She grew into someone beautiful and strange, and everyone wanted something from her. But Princess Kaguya was not from Earth. She had come from the Moon, and one day, the Moon people came to take her home.

Time lapse

USAGI (CONT'D)

And even though the people who loved her begged her to stay, she could not. She belonged to the sky before she ever belonged to them.

NONAME

Wooooowwww.... So where is Princess Kaguya now?

USAGI

It's just a story but... Well you know, we found you here on the moon.

NONAME

Me? So I'm like Princess Kaguya?

USAGI

In a way, I guess so. Only... well, where do you come from? Do you have a mom?

NONAME

Where I'm from? A mom.... Mother?

USAGI

Yes! Exactly.

PROFESSOR JOJO

I told you... Let her work.

BARTHANDELUS

Absolutely profound....

NONAME

I... Guess I'm from the moon. This moon. You woke me up. You are my mom!

BARTHANDELUS

Its vocabulary... It has increased substantially simply by listening...

PROFESSOR JOJO

Intelligence growth is exponential.

USAGI

Well, I don't think that's how it works but OK! Call me mom! Since I'm your mom for now... I think we should give you a REAL name.

BARTHANDELUS

WHAT?

PROFESSOR JOJO

Shhhhh...

BARTHANDELUS

A name Joseph? A sense of identity??

PROFESSOR JOJO

Please Bart.

USAGI

Kagu. Just like in the story. Your name will be Kagu!

KAGU

I like that name! Kagu. I am Kagu. Thanks mom!

BARTHANDELUS AND JOJO EMERGE FROM THEIR OBSERVATION ROOM

PROFESSOR JOJO

That will be all for today.

KAGU

(mocking) That will be all for today.

USAGI

Kagu, you're funny.

BARTHANDELUS

Kitadani, might I remind you-

KAGU

Thank you, Mom! Good night!

28

INT. NIGHT; KITADANI RESIDENCE

28

USAGI

That's my favorite story mom!
Thanks! Good night!

LINDA KITADANI

Good night little rabbit. Anytime
you want to hear the story, let me
know.

KOHEI KITADANI

How was the ten thousandth reading
of the legend of Princess Kaguya?

LINDA KITADANI

Just as thrilling as the last.

PROFESSOR JOJO

So the little one is finally
asleep? Let's get this party
started!

LINDA KITADANI

A small, quiet gathering these
days, Joe. It's always a great time
hanging out with you all.

KOHEI KITADANI

It's just too bad the life of the
party couldn't be here.

BARTHANDELUS

I do hear that the Princess has
fully stepped into the role of
Queen over there in New Jersey.

PROFESSOR JOJO

And doing a great job. Hey...
Linda... Now that she has command
of her own army... Do you think
she'll sell her mech?

LINDA KITADANI

Joe! There's way too much
sentimental value in that.

KOHEI KITADANI

It's crazy that the Crown even lets
us keep them after graduation!

BARTHANDELUS

Mine's in storage. Good ole
Alexander, just sitting around
collecting dust.

LINDA KITADANI

Well, you are the newly appointed
pope after all... meanwhile I have
to stop Kohei here from running
errands in his.

KOHEI KITADANI

But picking up groceries is just so
much more fun by mech! And don't
worry about Bart, fighting was
always against his religion, or so
he said...

PROFESSOR JOJO

Hey Bart.... You thinking of
selling-

BARTHANDELUS

Don't even think about it.

Everyone's holo-device goes off, an alarm similar to an amber
alert or an earthquake warning

LINDA KITADANI

What the?

KOHEI KITADANI

What is it?

PROFESSOR JOJO

The Crown is calling us in? Right
now?

BARTHANDELUS

Even me? Why are they sending for
me? I'm with the church now.

KOHEI KITADANI

Must be something big if that's the
case, Linda, can you stay with
Usagi-

A knock at the door.

LINDA KITADANI

I'll get that.

The guys are uneasy.

LINDA KITADANI (CONT'D)
Kelisha? What are you doing here?

PROFESSOR KELISHA
All of you, I need you to come with me right now. Linda, bring your daughter, we need to be moving in 60 seconds. There's a transport outside.

29 INT. NIGHT; CROWN FACILITY

29

Everyone is gathered to review footage captured of the Planet Destroyer from earlier in the evening:

PLANET DESTROYER ADULT
Your planet's core has called out to me. You have pillaged your sacred home. You have broken its body and named the wound "progress." You have heard its suffering and answered with deeper violence. There is no escape from what comes next. I offer this world another chance, a new beginning, free of the hands that brought it to ruin. I offer your extinction. Your time is short. Make amends. Say goodbye. I will return soon to administer your reset. I am Alpha and Omega, the beginning and the end, the first and the last.

KOHEI KITADANI
...What did we do to deserve this...?

BARTHANDELUS
Koehi, you know EXACTLY what is going on here.

PROFESSOR JOJO
So then... the church was right?

A beat

BARTHANDELUS
There's nothing we can do. It is written in scripture.

PROFESSOR JOJO
The extraction of Ultima materia... the mining...

(MORE)

PROFESSOR JOJO (CONT'D)
the resonance produced when the ore
is struck... It all connects to
this... being?

BARTHANDELUS
An angel... No, a Weapon, on the
cosmic scale. When the planet cries
out, the heavens answer. God sends
the only one who can stop us from
reaching out to them, to strike us
down time and again... They send
the Great Resetter... Sabik.

A long silence...

KOHEI KITADANI
Well... we fight.

BARTHANDELUS
You can't fight it.

PROFESSOR JOJO
I'm looking at this thing's
composition... mass... wave
output... I don't think we have the
firepower to fight this thing...
It's made of pure Ultima.

BARTHANDELUS
It is absolute Blasphemy to even
SUGGEST-

KOHEI KITADANI
Well what should we do Bart? Pray?

PROFESSOR KELISHA
The decision has already been made.
Joseph, your calculations and
speculations are incorrect. The
Ultima Cannon can make easy work of
this thing. This is direct from The
Crown. We just need an ace that can-

LINDA KITADANI
Then that means I'm going up-

KOHEI KITADANI
Like hell you are. Kelisha, I'll do
it.

LINDA KITADANI
I'm the better ace, by far.

PROFESSOR KELISHA

Linda *is* the better Ace.... That's why The Crown has chosen you to go Kohei.... But not to worry, all calculations point to this being a success. When that thing comes back, we will strike.

BARTHANDELUS

You can't be serious.

PROFESSOR JOJO

Have you seen the wave outputs on this thing? It's over 9000. The Ultima Cannon, even at maximum power, only just scratches 2200-

PROFESSOR KELISHA

I'm just relaying the message Joseph.

BARTHANDELUS

No... This is a setup.

KOHEI KITADANI

Bart... Have some faith! The Crown... We have the firepower to stop this thing. Easy.

Everyone sits in an uneasy silence. They know the truth.

LINDA KITADANI

I really am the better ace, though. Let me-

KOHEI KITADANI

Don't try to save the world Linda...

Moon Floating Song

INT. DAY; USAGI'S APARTMENT

A voice mail.

TAKESHI

Hey... It's me... I know you said never to call you again, but... Well, I wanted to let you know... well... maybe I shouldn't say all of that... don't want to compromise you...

(MORE)

TAKESHI (CONT'D)

Hey if anyone is listening to this after the fact, Usagi Kitadani didn't know anything! I never told her a thing. She might have had her suspicions, but she didn't know the extent.... Anyway... I'm going to the Bakersfield Dome in the California region. Take care of yourself, Usagi.

INT. DAY; CROWN MILITARY RESEARCH LAB.

SANDERS

And that's the recording we retrieved.

USAGI

I can't believe you've been spying on me.

PROFESSOR JOJO

Everywhere you turn these days... traitors to the crown. Kitadani, the work we're doing here is too important to bungle... and messing up could mean the end of everyone.

SANDERS

... which is exactly what we're trying to prevent. But it can't happen if people like... him... are running around trying to undermine the crown-

USAGI

Just admit it George. You never liked Takeshi because he's a colony born. A Lunar.

SANDERS

... It's them and their WACKY beliefs that got us here in the first place.

BARTHANDELUS

Watch your mouth. Those are the scriptures you're talking about.

PROFESSOR JOJO

Usagi, if you do not follow directions for... Project Kaguya... then we will be forced to send Sanders here after your friend.

USAGI

.... Fine. I'll do what you say.
Just leave Takeshi out of it.

PROFESSOR JOJO

Then shall we begin for today?

USAGI

Sanders. You remember our first
summer together, when we visited
Earth? Takeshi's first time?

SANDERS

Yeah. He was freaking out about
cars. Really loved the idea of a
road trip.... He wouldn't stop
talking about it for the rest of
the year.

USAGI

Takeshi never hated Earth, Sanders.
Remember that.

KAGU

Hey mom, what's up?

USAGI

Oh, hey Kagu... Wow... you're
pretty fluent. Its only been a few
days since I last saw-

KAGU

That's right. But after all, I AM a
sentient cosmic being that alters
its appearance to fit the confines
of your human mind, after all.

USAGI

Oh wow.

KAGU

Yeah, pretty impressive, huh? My
development is awfully fast by your
standards. When you found me in the
crystal, I had been regenerating
for almost 17 years. But now that
I'm out? Time to learn everything I
can about you humans. You're really
interesting.

USAGI

Regenerating?

KAGU

Yeah, after my past life ended. I regenerate. I've been watching dramas. I think you humans don't regenerate when your life leaves you.

USAGI

Yeah... no. Hey Kagu, so you don't remember anything from before? From... your past life?

KAGU

It's kind of... how would you say...? Foggy? I can kind of remember some things, but it's all a blur right now.

BARTHANDELUS

This is exactly the right path Joseph, soon it will remember its true purpose.

PROFESSOR JOJO

That would be a BAD thing, Bart... Let her work, she's probably the only one who can... repurpose it.

BARTHANDELUS

...

USAGI

How can I help you remember?

KAGU

Well, the story you told me really helped expand my mind. From there, I was able to piece a whole bunch of things together. Then Professor Jojo back there, he gave me a holo device. That's how I watch the dramas. Have you seen the series, I got hit by a bus and now my love triangle of friends are rpg heroes? That one cracks me up!

USAGI

Actually... I do know that one. It's pretty good. The part with the pirate cats was hilarious.

KAGU

THE PIRATE CATS! HAHA!

A glitch

USAGI

What was that?

KAGU

That was.... When a part of me
evolves, that happens. Laughter...
with... another person.
Camaraderie. First... Wonder...
when you read me the story,
remember? And now... Camaraderie.
Wow... Thank you Usagi.

USAGI

I see....

BARTHANDELUS

No, Joseph this is not right-

PROFESSOR JOJO

Bart! How many times do I have to
tell you!? Let-Her-Work!

BARTHANDELUS

But she's doing it wrong, shes...

USAGI

.... Kagu... what do you desire?
What do you... want? What are your
hopes, and dreams?

KAGU

Hopes... and... dreams?

Glitch glitch glitch

BARTHANDELUS

No! She knows what she is doing!
She's HUMANIZING IT!

Glitch glitch glitch

KAGU

Hopes.... And Dreams..... What
do I want?

SONG: SOTO

BARTHANDELUS

If you don't do it, I will.

Bathandelus has had enough

Kagu is hanging out outside then realizes something tells Usagi to come with them.

They confront Barthandelus asking what he has done.

He explains he has shifted gravity and put the moon on a collision course with earth and then explains why.

Flashback to when Kohei had no choice and the aftermath. He asks how Usagi could show humanity to such a thing that killed her father

Usagi says she knew about this but chose compassion clearly Kagu is not the same as the planet destroyer from that day

Kagu admits they remember every time they have wiped a civilization but this time is different because Usagi has shown kindness.

They resolve to stop Barthandelus's plan. Barthandelus insists he will stop them. Jojo joins Usagi and Kagu, Sanders shows up for Barthandelus, Takeshi shows up with Kelisha and Queen Newark and then Linda shows up OMG.

Barthandelus and Sanders go down. Everyone stops the moon from getting off course but destroy a lot of technology in the process.

Kagu has to return to deep space.

Huge breaking news, domes are fake, government lies. The cycle is broken.

Usagi, Takeshi and Linda prepare to go on a roadtrip to meet Kelisha and Newark.
